

“FAMI Mi.Main N. 2740

FAMI Mi.Main N. 2740 Experimental activities in support of migrant population at specific offices in Palermo and in the District 50 of Trapani.

OUR SERVICES:

- interview with migrants in order to detect their needs;
- support migrants in the administrative practices, as the request for the Citizenship income;
- mapping of foreign students attending schools in the District D50, socio sanitary district of Trapani;
- mapping of the training institutions and the reception centres, in order to identify the foreign users exiting from the SPRAR;
- analysis and planning as part of the Siproimi project.

THE PROJECT

It is financed by the Ministry of the Interior and promoted by the Università degli Studi di Palermo, in partnership with the District D50 of Trapani - headed by the Municipality of Trapani, and aims at encouraging the improvement of Public local services in support of migrant people.

THE RESEARCH

The research aims at analysing the best practices and the critical point of the Public Administration of the District D50 of Trapani, in order to strengthen the capacity building and facilitate the access to welfare services for migrant people.

THE SCHOOL PROJECT

The school is a place where we learn to live together in a widespread variety of stories, colours and religions. It aims at overcoming prejudice and mistrust in order to build a common future. The project FAMI Mi.Main takes place in this context by promoting the reflection, the appreciation of differences, the family support, the elimination of stereotypes and prejudice. If we support the natural process of enrichment and transformation, which comes out from the meeting with the other, it will be possible to raise a new awareness of our own culture as well as the others, by respecting the identity of all and stimulating dialogue and solidarity.

In order to implement these measures, as first step FAMI Mi.Main aims at mapping the District D50. In the second step, the project has the goal to create an inter institutional plan between the Municipality of Trapani and the schools, with the contribution of the multidisciplinary team composed of psychologists, linguistic mediators, social workers and lawyers.

THE DESK

- LEGAL ASSISTANCE;
- LINGUISTIC MEDIATION;
- PSYCHO-SOCIAL ASSISTANCE;
- WORKSHOPS ABOUT INCLUSION;
- PUBLIC SERVICES ORIENTATION;
- MEETING ABOUT PARENTING SUPPORT.

THE CONTEST

The students attending the schools of the district D50 of Trapani are invited to create some materials describing inclusion and interculturality in a creative and personal way.

THE LABORATORIES

- Educational play activities with students attending the nursery school, the primary school and the secondary school of first grade;
- experiential groups with students attending to the Secondary School of Second grade;
- session of training, information and experiential sharing between our team and the school staff;
- parenting support during the educational path of their children.

THE REMOTE ACTIVITIES

On account of the current epidemiological emergency, the Fami Mi.Main project will use digital support to carry on its activities remotely, with the purpose of ensuring support in the management and the assumption of responsibility of the students and the migrant families.
